IMPORTANT CHANGES ARE INAUGURATED AT THE PENITENTIARY

L. C. Sherwood Succeeds John Bengen As Deputy Warden --- Engineer Named

Some important changes in the stuff of officers at the penitentiary, under of officers at the penitentiary, under the administration of Warden Harry P. Minto, took place yesterlay morning when J. J. Bengen, for more than 12 years depoty warden at the prison, was succeeded by L. C. Sherwood of this city, and George Labarce, for eight years chief engineer at the institution, gave place to C. L. Barrick. As an nonneed in the Journal yesterday, L. J. McGlya, for the fast two and a half years night clerk at the Hotel Marion, resumed his old position of chief of the commissary at the prison, having relieved Levi Haumer, who has held the posi-tion for the past year and a half. The most important change in have been wrought was in the relief of John Bengen in the deputy wardenship. Mr.

Rengen in the deputy wardenship. Mr. Bengen has held this position since Frank Curtis first assumed the wardenship of the penitersiary. He came from Portland, and it is understood that he has returned to Portland to seek other employment. L. C. Sherwood, who succeeds him, is an experienced and comd petent man for the position, having served in that capacity under the administrations of Governors Lord and Geer, dating from January, 1895, to January, 1993, inclusive, Warden Minto's complement of chief assistants is now practically complete, and no further changes of any great significance. changes of any great significance

Reported Attempt To Make U. S. Intervene by Firing On American Fishermen

Washington, June 1 .- President Witon's note calling upon the warring factions of Mexico to reconcile their differences and select a strong provisional government will be made public tomor-

The president had the note completed when the cabinet met today but he desires that it be in the hands of the Mexican leaders before being announced in Washington. The present situation in Mexico will be characterized as intolerable by the president. No time limit will be fixed in which the belligerent factions must lay down their arms and establish a government, and no threats will be made. The note is not in the nature of an ultimatum, but

predicated on the report of Duval West, who made a special investiga-tion for the state department. His report differs in many essential details from those of John Lind and William Bayard Hule, who went to Mexico reviously on similar missions.
